WHAT OUR CUSTOMERS ARE SAYING...

"There is no better way to reach the tourist traveling to South Florida than with a brochure and digital signage in the Florida Turnpike service plazas. Kenney Communications makes that happen for Rapids Water Park. We know it's affective, we have had guests tell us that they didn't know about the park until they saw our brochure in the service plaza. It's been a real pleasure to work with Kenney Communications, when they tell you they are going to do something – they do it!"

– Bob Morgan, Rapids Water Park

"We have enjoyed working with Kenney Communications for 15 years now. Not only have they done a wonderful job promoting Lion Country Safari, their staff is stellar to work with. They go above and beyond and know the true meaning of maintaining strong relationships with their clients."

– Jennifer Berthiaume, Lion Country Safari

"Kenney Communications has undoubtedly increased traffic into our store by a considerable amount. Their brochure racks are our most effective means of bringing people over week to week regardless of the season. They also go out of their way to work with us on any project we may have that may not even involve the brochures. I would recommend their services to anyone."

– Nick Onderick, Dave and Buster's Orlando
